

# Keep linens and scrubs clean,

# while taking the next step towards sustainability.

Clothesline Fresh™ brand professional laundry products were originally formulated with the environment in mind. Spartan continues to offer more advanced sustainable laundry options as we expand our line with new Design for the Environment (DfE) labeled products. Quality products, teamed with Spartan's legendary customer service and CIMS-GB certified sales force will keep your facility on track to meet your sustainability goals. Find further product information, and your local distributor at [www.spartanchemical.com](http://www.spartanchemical.com) or call 800-537-8990.
